

## **BESS Fire Safety Workshop**

Please join us to learn more about fire prevention and emergency response for Battery Energy Storage Systems (BESS). The Energy Safety Response Group (ESRG) will outline industry best practices and design considerations and provide an overview of Energy Response Plan programs that have been standardized for fire prevention at BESS facilities. We will also take questions from local fire department staff.

**Tuesday, June 24**  
from 8:30 a.m - 12:30 p.m.

**Station 45**  
1075 March Rd, Kanata
